SATURDAY, SEPT. 29	8 a.m. – 3 p.m.	Lyndon Recycling Center

Not going to be able to make any of these dates? NOT A PROBLEM! The NEKWMD will be accepting these materials by appointment at our Lyndonville facility from June 1, 2012 to October 1, 2012. Due to regulatory handling requirements, hazardous wastes will not be accepted without an appointment. Scheduling ahead ensures that a qualified individual will be on-site ready to accept your hazardous waste.

****HHW Collections are free and open to residents of all DISTRICT TOWNS****

What are *Household Hazardous Products*? They are consumer products that contain ingredients that **may be**:

Toxic- poisonous if eaten, breathed, or absorbed through the skin

Corrosive- can burn or destroy living tissue if spilled on skin

Reactive- creates fumes, heat, or explosion hazards if mixed with certain materials such as water

Explosive- can explode with exposure to heat or pressure

Flammable/Ignitable- can easily be set on fire

To determine if a product in your home is hazardous, check the label for the following words:

Danger indicates that the substance is extremely flammable, corrosive, or toxic.

Poison means that the substance is highly toxic.

Caution/Warning is put on all other hazardous substances that are a somewhat lesser hazard, but are still dangerous if the directions are not followed closely.

Conditionally Exempt Generator businesses can also use the Lyndonville collections for the actual cost of the disposal of their materials. Please call ahead for pricing and an appointment

**CONTACT THE NEKWMD IF YOU HAVE ITEMS YOU CANNOT IDENTIFY
